Digital Dictation

dictate → Transfer to computer then send via the Internet

- Return 1 day, ★ 6-12 cents per line
- No office space or equipment for transcription
- No personnel issues like hiring, payroll, benefits, coverage if out, training
- Better quality sound and transcription
- Works well with voice-to-type software

Cell Phone as Pager

1. \$50 / 1,000 minutes or per month vs. 25¢ / page or e.g. \$180 / mo
2. Store all your phone #
3. Caller ID
4. Auto-forward
5. Text Messages & E-mail to phone
6. Change recorded message in seconds
7. Why carry both pager & phone

Print to File

If you can print it, you can also make it a digital file

Digital files can link up with other programs

Your **text** data can automatically fill in a database or spreadsheet

11

small practice manual 21st century

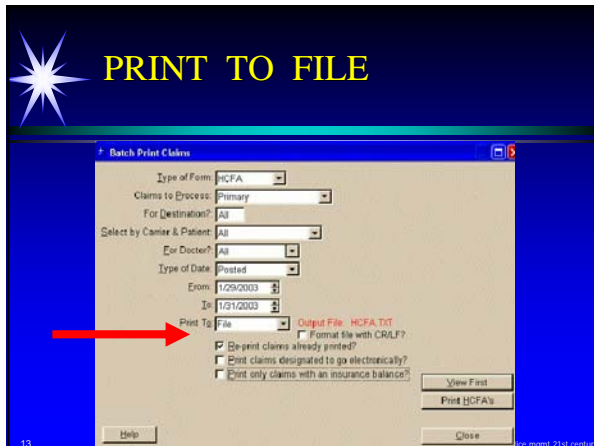

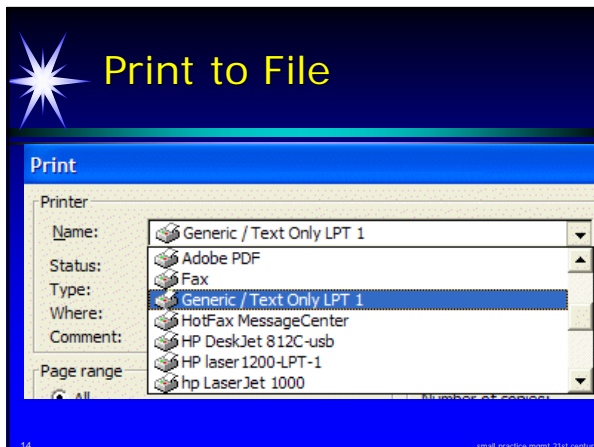

Print to File-- Uses

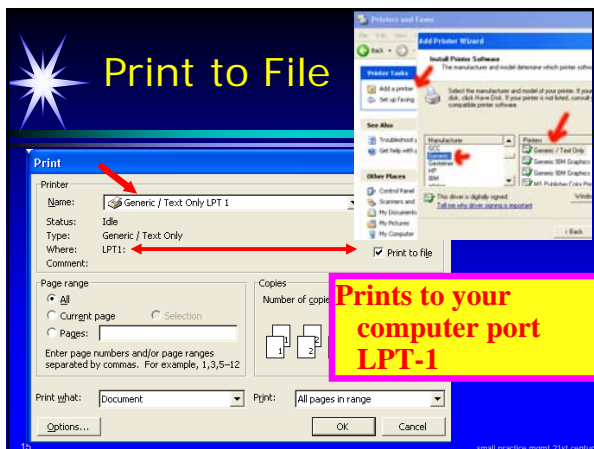

- ◆ Send your claims to a clearing house
no interface needed
- ◆ Save your 10 page spreadsheet digitally
- ◆ Query your database then e-mail the report

12

PRINT TO FILE ← send / store print

Print

Name: hp LaserJet 1000 Properties

Status: Printing: 8 documents waiting

Type: hp LaserJet 1000

Where: LPT1

Comment: Print to file

Page range: All

Copies: Number of copies: 1

Three key points for printing

- 1) specific to a chosen printer
- 2) should use printer port LPT1
- 3) must be generic text printer to transfer text

Print To File – command prompt

- ◆ Select printer then click print to file option
- ◆ Go to DOS prompt (in Windows>Accessories)
- ◆ Enter the command PRINT and file name e.g.

```
C:\>print report.prn
```

if you can print it, you can **save it, send it,**
or **pull the text data into another program**

Hard Hat Area – Print to File

- ◆ Requires generic text printer
- ◆ File should have extension **TXT** or **PRN**
- ◆ Convert text-to-columns with the tool in your word processor then transfer table to database or spreadsheet

Stress Prevention

Phones

- No phone service at noon hour or day off
- No voice mail for incoming receptionist calls
- Voice mail to back line for simple replies
- 1 incoming line not 3 *when needed*
- Incoming phone line busy *when needed*
- >> Patients do the leg work for
 - PA (prior authorization) for meds
 - PA for procedures
 - Schedule their own referral appointments

20

Stress Prevention

- Backup for Nurse and Receptionist

Cross Train !!

21

TIME Savers

- ☑ wireless pocket phone
- ☑ call prescriptions to voice mail
- ☑ refill meds prn X date
- ☑ test order sheet
- ☑ everyone has a computer
and every station can schedule

22

TIME Savers

Message Form

if it's not written, it didn't happen

paper benefits

take message with 1 hand
get all the needed info via form to complete
easy to pass along to other staff

www.adultmedicine.com/forms (for examples that work well for me)

digital system (e-mail) better if headset
so both hands can work keyboard

23

TIME Savers

Auto-Text with MS Word

the key to quick data entry

- 1) Imagine a 3 page physical dictated in 30 seconds
- 2) No more letterhead to buy
- 3) Add your signature from your computer

24

small practice mgmt 21st century

AUTO-TEXT -- the key to quick data entry

- 1) just memorized phrases or pictures
- 2) pastes in with two key strokes
type name for the copied information -e.g. 1
then hit the **F3** key
- 3) works for anything you can highlight
pictures-- logo
signature
entire normal exam or review of systems
field to add something like date
entire page with pictures, tables, text boxes

25 small practice mgmt 21st century

AUTO-TEXT *examples to be shown*

1. full physical
2. header for notes
3. full letterhead—no special paper to buy
4. signature insert
5. bookmarks to jump from top to bottom—
Control-F9 to insert F11 to jump
6. calculated fields automatically add dates
7. med sheet
8. fax sheet

26 small practice mgmt 21st century

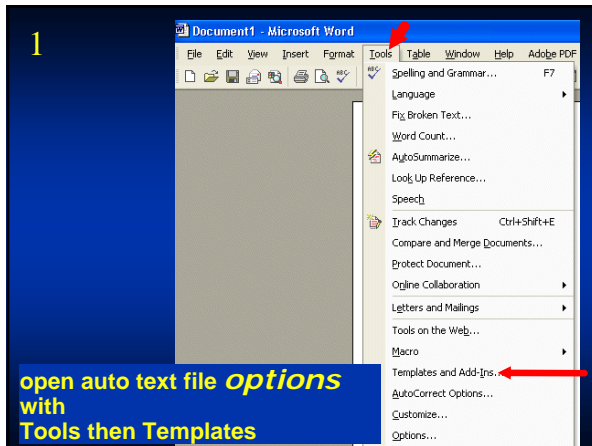

Auto Text Example

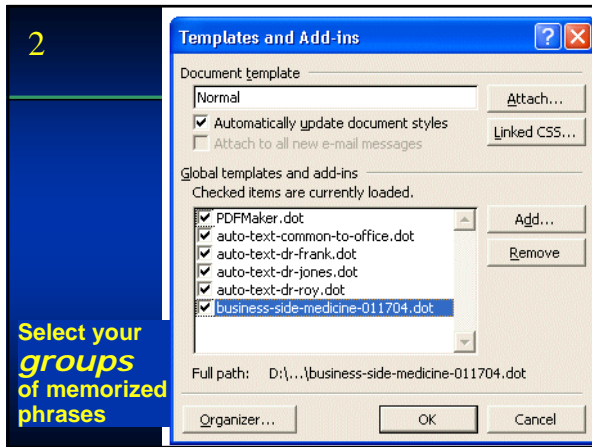

Template file 1 Memorized Phrase group 1
 Template file 2 Memorized Phrase group 2
 Template file 3 Memorized Phrase group 3

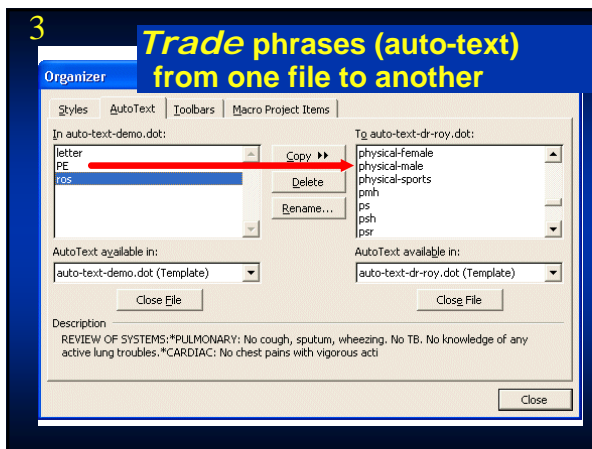

Insert can be from any of the three files

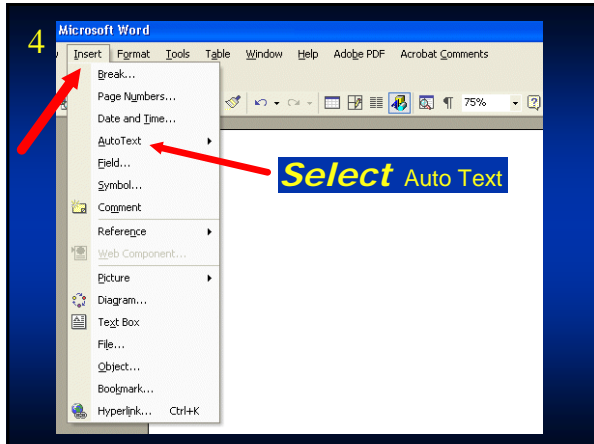

list to chose from can be any one or all of the files

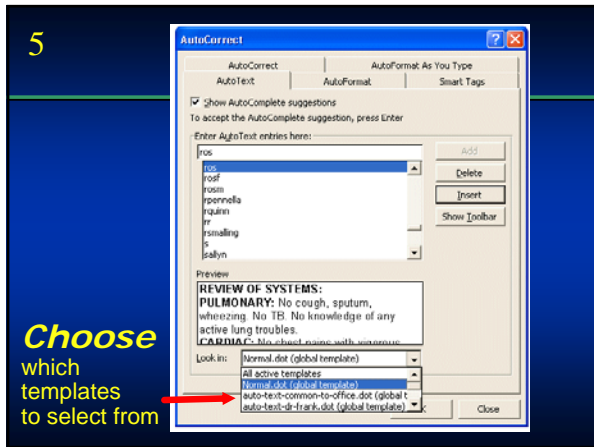

27 small practice mgmt 21st century

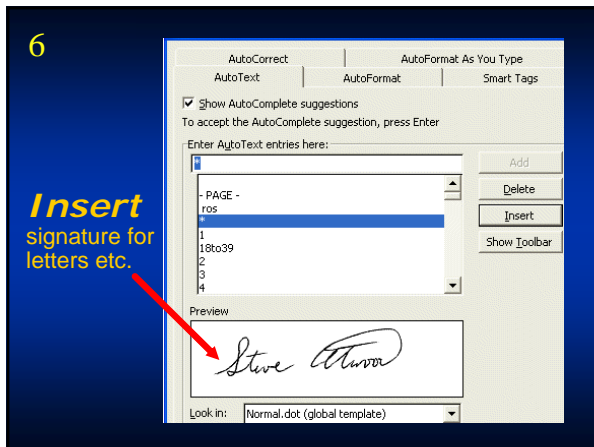

Time Savers

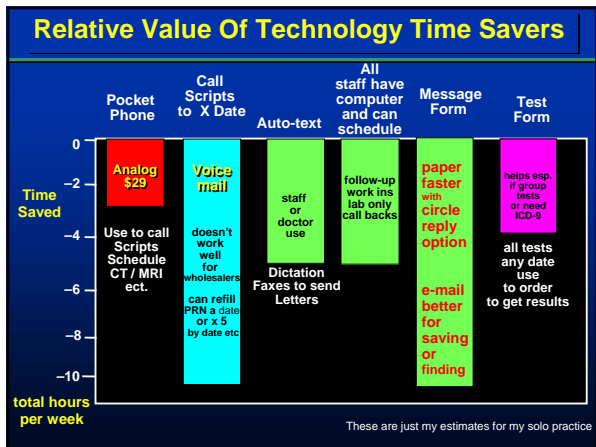

Fax directly from word processor

34 small practice mgmt 21st century

TIME Savers

Let everyone in the practice be able to easily schedule an office visit for an established patient

35 small practice mgmt 21st century

MECHANICS

Patient Mix— new patients **upon prior approval**

HIPAA release – form and on registration sheet include patient e-mail and permission to discuss with family
redo copy of insurance cards **yearly**

Convert paper to digital format – SCAN / FAX
e.g. Fax records to computer then print later with laser printer
e.g. scan Insurance Cards
e.g. incoming faxes go to computer

37

MECHANICS

Patient E-Mail

How to get paid

- 1) get paid by webpage notice and only send message from page
- 2) advanced arrangement--*boutique practice*
- 3) Auto-reply to incoming message

38

small practice march 21st century

MECHANICS

Patients Sending E-Mail

Encryption

- 1) patients operate at a very basic level
- 2) direct e-mail from desktop computer better ?
- 3) incoming message— HIPAA requirements?
should incoming message be encrypted?

39

small practice march 21st century

Solo vs. Small Practice

I made a conscious decision to stay solo

- ◆ Like to do things my own way
- ◆ Like full flexibility
- ◆ Better control work and stress and all aspects of practice

I missed out on some revenue and benefits of extender, office lab, office xray, group health plan, some pension options & deferring all headaches to office manager

So What about the Future

Do we all invent the wheel?
Remember the Dinosaurs—they couldn't change
